HO AC-12 Cab Forward Upgrade Program

Upgrade your locomotive to match the upcoming 3rd release of the HO Cab Forward by enhancing your model with one of the several options below.

- PAC12-01: Geared Axle Upgrade (1st Release Locomotive) – Replace the drive axles in your locomotive so that it has the slotted axles for improved performance – Cost = FREE
- PAC12-02: Motor & Geared Axle Upgrade (1st Release Locomotive) – This upgrades the motor with a NorthWest Short Line (NWSL) motor, and includes a Geared Axle Upgrade – Cost = $75
- PAC12-04: Motor Upgrade (2nd Release Locomotive) – This upgrades the motor with a NWSL motor making it identical to the 3rd release. – Cost = $75
- PAC12-05: Install and/or Replace the existing sound decoder with a ESU LokSound decoder. (1st & 2nd Release Locomotive) This will match the sound included in the 3rd release of Cab Forwards. - Cost = $100

Please complete the following information and include it with your locomotive when you send it to us for upgrade. Send all upgrades to:
