

# HO AC-12 Cab Forward Upgrade Program

Upgrade your locomotive to match the upcoming 3<sup>rd</sup> release of the HO Cab Forward by enhancing your model with one of the several options below.

- PAC12-01: Geared Axle Upgrade (1<sup>st</sup> Release Locomotive) – Replace the drive axles in your locomotive so that it has the slotted axles for improved performance – Cost = FREE
- PAC12-02: Motor & Geared Axle Upgrade (1<sup>st</sup> Release Locomotive) – This upgrades the motor with a NorthWest Short Line (NWSL) motor, and includes a Geared Axle Upgrade – Cost = \$75
- PAC12-03: Motor, Gear Box (Transmission), & Full Axle Upgrade (1<sup>st</sup> Release Locomotive) – This upgrades the motor with a NorthWest Short Line (NWSL) motor, along with all 8 drive axles, Worm Gears, and the Gear Box. This upgrades your locomotive making it identical to the upcoming 3<sup>rd</sup> release. - Cost = \$100
- PAC12-04: Motor Upgrade (2<sup>nd</sup> Release Locomotive) – This upgrades the motor with a NWSL motor making it identical to the 3<sup>rd</sup> release. – Cost = \$75
- PAC12-05: Install and/or Replace the existing sound decoder with a ESU LokSound decoder. (1<sup>st</sup> & 2<sup>nd</sup> Release Locomotive) This will match the sound included in the 3<sup>rd</sup> release of Cab Forwards. - Cost = \$85
