DEALER ANNOUNCEMENT

**ADVANCE RESERVATION**

**N Scale C44-9W "Dash 9" Locomotives**

We are pleased to announce plans for production of the General Electric C44-9W (Dash 9) locomotive. These locomotives were produced in large numbers and sold to several railroads in North America from 1993 through 2004. Many of them remain in service today as originally delivered or in rebuilt form. Eleven paint schemes are being offered for Advance Reservation, each with four road numbers. They will be delivered with road specific details, laser sharp printing, and as authentic as we possibly can make them. They will be configured for DC, DCC, and DCC with sound, using ESU ® decoders.

**HO Scale 1937 AAR 10'6" Boxcars w/ 4-3-1 Improved Dreadnaught Ends**

These releases will be offered with 4-3-1 improved Dreadnaught ends. Four of the ten paint schemes offered are being done for the first time by InterMountain. Nine of the ten will feature six car numbers with the Western Pacific rerun using the only two available road numbers. These colorful cars were used in freight service across North America in interchange service beginning in the 1950's.

**MEMORIAL DAY  
SALE**

- Limited Quantities Available - First Come, First Served -

**Through June 8th, 2018**

Many attractive items are being offered for the Memorial Day Sale but will be available for a limited time only. Quantities are also limited so order early to get your first choices.

Frank Angstead

# “DASH 9”

## General Electric C44-9W Locomotives

**Announced: May 18**

**Reservations Due By: July 31**

**List:**  
**DC: \$159.95**  
**DCC: \$199.95**  
**DCC & Sound: \$259.95**

In 1993, General Electric introduced the C44-9W locomotive, which quickly became known as the “Dash 9.” Among the railroads to order them were Santa Fe, BNSF, Union Pacific, Chicago & North Western and Southern Pacific. These locomotives were produced in large quantities for these and other North American railroads until the end of 2004. The C44-9W continue in service today for their original and subsequent owners with many being given a new lease on life in various rebuild programs.

The InterMountain Railway Dash 9 will include all of the features you have come to expect from our locomotive products. The Dash 9 will be offered in multiple phases representing road specific and order specific details whenever possible. Among the variations that will be offered; Three and Four Window Cabs, Canadian Teardrop Window Cab, High and Low Headlights, and Early and Late Radiator Intake grilles. These locos will be available in DC, DCC, and DCC with Sound configurations featuring ESU® decoders.
