NEW WEBSITE SECTION

Advance Reservations are key for our production, as they indicate which projects have enough interest from the hobbyists. InterMountain Advance Reservation are NO RISK for our customers as we never require any deposit upfront. Unfortunately, not all projects garner enough interest to move into production. On the Advance Reservation page of the InterMountain website, there is a new section that will list any item that have not received enough Advance Reservations to qualify for production. We may revisit these items again for re-announcement. If that happens, please get your reservations in with your favorite hobby dealer right away!

Manufacturing Update

Within a few weeks the flow of new InterMountain product will begin. With multiple suppliers on board we will soon have more product available from InterMountain than ever before. Significant attention is being given to HO and N scales; rolling stock and locomotives. Be sure to review our online Advance Reservation section and update your reservations. The product will be coming soon!!

Show Schedule

InterMountain will be exhibiting at the Rocky Mountain Train Show in Denver on March 2nd and 3rd at the Merchandise Mart. Come by our booth and view new product samples and visit with InterMountain representatives. We look forward to seeing you there!
