20FT. & 40FT. CORRUGATED CONTAINERS

For Advance Reservation this month we have a very exciting item! We are adding the ONE (Ocean Network Express) paint scheme in White on Magenta and Magenta on White for both the 20ft. and the 40ft. corrugated containers. This unique scheme is relatively new and is being seen on hundreds if not thousands of containers currently. The 20ft. and 40ft. containers are both used for International interchange service so this eye-catching scheme is becoming familiar around the world.

These items are being added to an existing group of 20 and 40' containers on reservation that we expect to release for production soon. Please get your reservations in during the next month or two to be guaranteed delivery of these popular containers when they are produced.

NOTE: Currently the Magenta on White paint scheme is being used only on high-cube 45G1 and refrigerated containers. However, we expect it may be used on standard height corrugated (42G1) and 20' corrugated (22G1) containers in the future. In the meantime this can be considered a fantasy paint scheme.

SHOW SEASON IS UPON US!!

As cooler weather emerges the show season begins! There are many model train shows scheduled across the country during the next few months, and InterMountain will have a presence at some of these shows. For the time being, plan on visiting the InterMountain booth at:

**Trainfest –
Milwaukee Wisconsin
November 9th & 10th**

**Prototype Rails 2020 –
Cocoa Beach, Florida
January 9th - 11th**

**Amherst Model Railroad Show –
West Springfield, MA
January 25th & 26th**

Typically Trainfest & Amherst are the two biggest scale model train shows of the year across the country and many of the manufacturers exhibit. This is a great opportunity for modelers to visit with representatives from InterMountain and see the latest pre-production samples at our booth!

- 03 TLLU 620527[8], UETU 620575[0]

***Disclaimer:** InterMountain has no evidence that the two white paint schemes have been prototypically applied to these containers. However, InterMountain thought that the paint scheme would be one that our customers would like to have. If you have any photographs of the white paint scheme applied to 20ft. & 40ft. corrugated containers (22G1 or 42G1), please send them our way!
