

November 2019
DEALER ANNOUNCEMENT

VALUE LINE
by
INTERMOUNTAIN
RAILWAY CO.

HO
Scale

Gundersen 50ft. High Cube Double Door Boxcars

Fourteen paint schemes are available in this Value Line release. Eight of the items are the flat roof version while the other six are equipped with peaked roofs. An assortment of popular road names that were used in nationwide interchange service are included. Each of the paint schemes includes six road numbers. All of these models are equipped with metal knuckle couplers and InterMountain brass wheel sets. Confirm your reservations soon as quantities are limited.

N
Scale

Cylindrical Covered Hoppers

This popular model is offered in thirteen colorful paint schemes. Ten are equipped with trough hatches and four with round hatches for a good variety. All of the items feature six road numbers. The models are equipped with metal knuckle couplers and InterMountain brass wheel sets. Although a Canadian prototype, these cars are routinely seen south of the border. Quantities are limited so confirm your reservations early. NOTE: Including this run, InterMountain has released a total of 214 numbers for the Red Canada paint scheme.

Show Update

Trainfest – The Trainfest show in Milwaukee was once again a huge success. We were pleased to introduce a new look for the InterMountain booth with a unique backdrop and table arrangement. Check our Facebook page or our web site to view pictures taken at the show.

Cocoa Beach – Our next show exposure will be at the Prototype Modelers Meet at Cocoa Beach, Florida early in January. We hope to see many of you there.

Amherst Model Railroad Show – For those of you who won't be able to make it to Cocoa Beach, we will be attending the Amherst show late in January. This is always a phenomenal experience similar to Trainfest with large crowds and many manufacturers in attendance. We hope to see you there!
