DEALER ANNOUNCEMENT

AVAILABLE NOW

HO Scale 4750 CUBIC FOOT HOPPER CARS READY TO SHIP

Last month we announced and shipped seven road names of the HO 4750 cubic foot hopper car. The other twelve road names in this run are being prepared for shipment this month. From the bright yellow Grain Train to the multi-colored Union Pacific Bicentennial these are colorful, must have models for every layout from the early 1970's to today. All of the HO 4750 models are equipped with metal operating couplers and InterMountain metal wheel sets.

Eleven of the road names are offered in four or six road numbers. The Union Pacific had only one Bicentennial car so only one road number is offered. Most of these items are close to being sold out so be sure to confirm your Advance Reservation as quickly as possible.

Be sure to review the Trainworx pages included with this letter. Trailers in both HO and N scales are offered for reservation and N scale Gondolas are available now.

HO Scale INTERMOUNTAIN LOCOMOTIVES

Three paint schemes of the HO Scale GE ET44AC (Tier 4) locomotives are in transit! The BNSF, Union Pacific and Canadian National should arrive in time for announcement in February. The remainder of the road names will follow. Several paint schemes of the HO GP 16 are in production. We will keep you advised of their progress over the next few months. Be sure to watch our website for updates on these projects.

AMHERST MODEL RAILROAD CLUB VIRTUAL TRAIN SHOW

We at InterMountain hope you are able to view the Amherst Model Railroad Club virtual train show that will take place on January 30th & 31st. If you are not able to attend it live, there will be a replay available online. Go to the Amherst website for information on how to view it: www.railroadhobbyshow.com This is excellent opportunity to get up-to-date information from many of the model railroad manufacturers.
