# 4750 CUBIC FOOT 3-BAY HOPPER CAR

For the N scale modeler this month we have 25 paint schemes on the 4750 cubic foot hopper car. InterMountain has produced well over 100 paint schemes on this model, including most of the major railroads and many of the private owners. These cars are seen all across the country carrying grain and other materials. They are very colorful cars ranging from the Grain Train to the UP Bicentennial to the pink West Bend Elevator. All items are offered in multiple road numbers so that modelers can build large consists of these beautiful cars.

## SHOW SEASON?

All of us at InterMountain are anxious, as we are sure you are, to once again have the opportunity to gather for in-person train shows. We feel they are coming soon, and look forward to seeing many of you at familiar sites such as Milwaukee for Trainfest, West Springfield for the Amherst show, and many others. The light at the end of the tunnel is beginning to glow! In the meantime, we hope to continue to share information with you through a series of virtual train shows. Whatever it takes, our wonderful modeling hobby will continue!!
