1958 CUBIC FOOT HOPPER CARS

Fourteen road names of the HO 1958 cubic foot hopper car are now ready to ship. Each of the road names feature multiple road numbers. Five of the releases are the closed side version of the car while nine of the releases have open sides. These are attractive, prototypical-appearing models of various decorative schemes. Quantities are limited so be sure to confirm your Advance Reservations early. (NOTE: The Santa Fe version of this model has the same car numbers as the previous production run. The numbers originally advertised for this project have not been produced.) Each of these models is equipped with InterMountain metal wheel sets and metal couplers.

4750 CUBIC FOOT HOPPER CARS

New Advance Reservations are due by September 30 for ten paint schemes of this popular model in both HO scale and N scale. With this release more than 130 paint schemes have been applied to this model by InterMountain Railway Company. Eight of the paint schemes are being offered by InterMountain for the first time! Advance Reservations are requested for both the HO and N scale versions of this model. These cars are still in service carrying dry loads in interchange service across the Continent; All releases offer six prototypical road numbers except ICG who only owns four cars. These models are equipped with InterMountain metal wheel sets and metal couplers.
