4650 CUBIC FOOT HOPPER CARS

There are eighteen colorful paint schemes available in this release of the 4650 cubic foot hopper cars. From Southern Pacific to Norfolk Southern and everything in between there is something for every hopper car modeler. These unique cars carried grain and other loads in interchange service across the country from the 1970's to current times. Many of these cars are still in service.

Be sure to confirm your Advance Reservations and place your additional orders as soon as possible as quantities on these models are limited.

6-6-4 SLEEPER CARS

Sixteen prototypical paint schemes are available in this production run. These colorful models are a must for passenger car modelers operating across the country. Many of the paint schemes are very colorful and all are sharply decorated. All models are equipped with Micro-Trains® trucks, knuckle couplers, and InterMountain metal wheel sets. All items are available in multiple prototypical road numbers, if available. Two of the releases are available for the first time from InterMountain.

Be sure to confirm your Advance Reservations and place additional orders as soon as possible as some of the releases are close to being sold out.
