## 4750 Cu. Ft. 3-Bay Covered Hoppers

**ADVANCE RESERVATION**

Advance Reservations have started for eight paint schemes on the HO and N scale 4750 cubic foot hopper cars. Five of the decorative schemes are being done for the first time by InterMountain. These are colorful cars that are still in service across the country. Built in the 70's, 80's, and 90's they are favored by many railroads and many private owners. These models are highly detailed, with laser sharp painting and lettering, and feature etched metal roof walks, operating metal knuckle couplers, and InterMountain precision metal wheel sets. Each paint scheme provides six different prototypical road numbers.

## AeroFlo & AeroFlo II Coal Gondolas

**NOW SHIPPING!**

Fifteen paint schemes of the AeroFlow Coal Gondolas are ready to ship! Six of the schemes are data only, giving the modeler the option to create a consist of their own. The other seven feature thirteen road numbers each making it possible to put together a long train of coal cars! Each model is equipped with operating metal knuckle couplers and InterMountain precision metal wheel sets. Confirm your Advance Reservations quickly for early delivery!

## Superdome Passenger Cars

**NOW SHIPPING!**

Fourteen paint schemes of these unique passenger cars are ready to ship! They are brightly colored models that were in service all across the country. Each paint scheme features from one to three road numbers/names depending on prototypical availability. Each model is equipped with MicroTrains® trucks and couplers and InterMountain precision metal wheel sets. Availability of these models is limited so confirm your Advance Reservations and place additional orders quickly.

## Amherst Model Railroad Show

It is time for one of the biggest model train shows of the year! Normally exceeding 20,000 attendees, this show requires four buildings at the fairgrounds in West Springfield, MA to hold all of the manufacturers, historical societies, vendors, and operating layouts. Many manufacturers exhibit at this show, including InterMountain Railway Company. Be sure to come by our booth and talk to the InterMountain staff about recent developments and view samples of some of our most popular products.
