

**December 2023**  
DEALER ANNOUNCEMENT

## THANK YOU FOR A VERY SUCCESSFUL YEAR IN 2023!

With the support of our loyal customers and an incredible Dealer Network, InterMountain was able to bring twenty-four projects to the marketplace during 2023! There was a good mix of N Scale and HO Scale locomotives and rolling stock models focusing on prototypical accuracy, multiple road numbers for each item, and a high level of detail. We are looking forward to continuing this pattern during 2024 and beyond!! Thanks to all of you for your support!!!

## MAXI IV STACK CARS AND CONTAINER CAR BUNDLES

**OPEN FOR ADVANCE RESERVATIONS**

Eight colorful combinations of the Maxi IV Container Cars and containers are now available for Advance Reservation. Each of the three car sets of Maxi IV's will have a set of six containers packaged in combination with the cars. The containers will be of the same owner within the set but each container will have a unique road number. The three car sets of the Maxi IV can be purchased with or without the containers. The containers are also available in two packs as a separate item. The three unit articulated sets of the Maxi IV feature operating metal knuckle couplers, numerous etched metal and fine plastic details, and precision InterMountain metal wheel sets. All items have laser sharp decoration and are offered with prototypically accurate multiple road numbers.

The Gunderson MAXI-IV container well car is a three-unit articulated freight car designed to carry multiple intermodal container sizes, maximizing versatility and flexibility for railroads and shippers alike. The depressed center well allows for containers to be stacked two high, resulting in a dramatic increase in containers carried per train versus conventional flat cars. The three-unit car carries one roadnumber with suffixes used to distinguish the separate wells and is joined together by drawbars on the interior well with couplers on the two end cars. Containers as large as 53 feet can be carried in the well while the top container can be as long as 57 feet, allowing for efficient transport of both domestic and international containers. The durability, flexibility, and successful history of the MAXI IV have made it one of the most popular intermodal cars on the railroads today. As a result, they can be found throughout North America.

## SHOW SEASON IS HERE!

InterMountain representatives will be exhibiting at several shows during the next few months and we will keep you updated as they occur. In January, we will be at the:

**Prototype Modelers Meet – Cocoa Beach, Florida.** This show takes place on January 6th and 7th at the Hilton Inn in Cocoa Beach, Florida. If you are in the area, stop by the show and visit our exhibit to see examples of the most recent product releases and pose any questions you may have to Doug and Frank. This show features two full days of clinics on various modeling subjects presented by some of the leading figures in the hobby.

**Amherst Model Railroad Club Show – West Springfield, Massachusetts.** This show is on January 26th and 27th and is one of the largest pure modeling model railroad shows in the country each year. This show gives you an opportunity to visit almost all of the significant manufacturers in the hobby as well as providing an opportunity to shop for any item you are missing in your collection or on your layout. There are many dealers that attend this show each year. If you happen to show up at the fairgrounds in West Springfield on this weekend, be sure to visit the InterMountain exhibit.

Frank Angstead  
InterMountain Railway Company

# Thank You to Our Loyal Customers & Hobby Dealers for a Wonderful 2023!

This past year was full of both expected and unexpected challenges. Now more than ever, it is important to review the positive accomplishments of the year gone by. As we constantly look forward to a bright future, without looking back, we lose track of our progress. InterMountain Railway Company is proud to have helped put the following models on hobbyist layouts in 2023:

<b>HO Scale</b>	GE ET44AC "Tier 4" Locomotives	<b>HO Scale</b>	Gunderson FMC Exterior Post Woodchip Gondolas
<b>N Scale</b>	EMD F7A Locomotives	<b>HO Scale</b>	Gunderson FMC Exterior Post Rotary Woodchip Gondolas
<b>N Scale</b>	EMD F7B Locomotives	<b>HO Scale</b>	Southern Pacific Cabooses
<b>HO Scale</b>	Aeroflo Coal Gondolas	<b>HO Scale</b>	Union Pacific Cabooses
<b>HO Scale</b>	Aeroflo II Coal Gondolas	<b>HO Scale</b>	PTC Antenna Arrays
<b>N Scale</b>	Superdome Passenger Cars	<b>HO Scale</b>	10K Gallon Tank Cars
<b>HO Scale</b>	General Service Drop Bottom Gondolas	<b>HO Scale</b>	8K Gallon Tank Cars
<b>HO Scale</b>	5277 Cu Ft Boxcars	<b>HO Scale</b>	Milwaukee Rib Side Boxcars
<b>HO Scale</b>	NE-5 Cabooses	<b>HO Scale</b>	PS 5277 Boxcars
<b>HO Scale</b>	PS-1 50ft. Double Door Boxcars	<b>HO Scale</b>	X29 Boxcars
<b>HO Scale</b>	PS-1 50ft. Single Door Boxcars	<b>N Scale</b>	PC&F 57ft. R-70-20 Reefers
<b>HO Scale</b>	Bathtub Coal Gondolas		

## And Tens of Thousands of the Best Wheelsets on the Market!

None of these would have been possible without the incredible support of our loyal customers and the best dealer network in the hobby. InterMountain Railway Company is excited and thrilled looking forward to 2024. We will continue bringing the very best HO and N Scale locomotives and rolling stock to layouts across the world. Our entire team wishes everyone a safe, prosperous and happy 2024. Again... Thank you all.
